M. Part B. for

SUBJECT.

Expenditure during the current year for laying out the New Town in the Kolar Gold Fields.

10. From the same. No. 6681 dated 19th November 1902.

Requests sanction to an allotment of Rs 8453/- for expenditure in the current year for laying out the New Town.

11. To the same. No. Fl.1030 dated 13th January 1903.

Enquires whether the amount can be appropriated from any other sanctioned grants under the P.W.Department.

12. From the same. No. 220 dated 20th January 1903.

States that the allotment should be met from the Civil Budget.

13. To the same and the Comptroller. No. Fl.1376-7 D/ 27-2-03.

Requests the Comptroller to arrange for due provision for the works being made in the Budget for 1903-04.

14. From the Comptroller. No. 4839 dated 4th March 1903.

States that the Chief Engineer will have to make provision in the Budget for laying out the New Town.

15. From the Chief Engineer. No. 1978 dated 7th April 1903.

Requests orders for the completion of the work connected with the New Town on the estimate of Rs. 28,560/-

***Subject**

Letter No. 6681 dated 19th November 1902 from the Chief Engineer in Mysore requesting Sanction to an allotment of Rs 8,453/- ~~in the current year Budget~~ for expenditure in the current year for laying out the new Town in the Kolar Gold Fields.

Note

The Government in their order No. 8-11 dated 3d July 1902 Sanctioned the Estimates for the new Town amounting to Rs 28,560. On 11th January last they had placed Rs 21,600/ at the disposal of the Superintending Engineer, Sanitary works, for the above purpose and on 3d July last they sanctioned a further grant of Rs 7,060/ for the same. The Chief Engineer now reports that an outlay of Rs 20,107/- was incurred on the work to end of 1901-02. & requests Sanction to the balance of Estimate being allotted for expenditure during the current year. ~~There is no Provision in the Budget.~~ The Sanction

Sd/- 23.12

solicited will be within the total grant of Rs: 28,560

N
23/12/02

Re Pr 8cs

Ask the Chief Engineer whether that amount (Rs. 8453/) can be appropriated from any other sanctioned grants under P.W.D.

LC 9/1/03

(Note Contd)

The Chief Engineer reports that Paper No 16. Vide A.
~~there are~~ no savings are likely to occur in the current year's P.W. Budget, which is barely sufficient to meet ordinary requirements. As cost of laying out the Extension & other connected works were sanctioned from the Civil Budget, the Chief Engineer wants this amount also to be met from the same source.

In another connection re Calcutta Memorial works, when the Comptroller was asked to point out the source from which the ~~Cost~~ Expenditure could be met, he has replied that ~~out of the~~ it could not

3

e met from the Civil Budget as there would be deficit instead of Surplus in the end ~~of~~ on account of unforeseen & un-avoidable expenditure during the current year.

In reply to LX

Dewan's Query (for the reverse) it is submitted that the amount realized is Rs 18,496/ as shown below:-

Extent of land acquired — Acres 626 — 3 Nuls

Sites marked ——— 312

Sites sold ——— 204 Upto end of Jan'y 03

Sites remaining to be sold — 108 do

Price of Sites sold ——— Rs 18,863-0-0 "

Amount recovered ——— 18,496-0-0 "

Balance yet to recover — 367-0-0. "

With reference to the Govt order asking the Comptroller to make due provision in the Budget for 1903-4, for works connected with the laying out a new town at the Kolar Gold Fields, he says that the Chief Engineer will have to make necessary provision in the P.W. Budget for 1903-4 as ordered in Govt Para 38 of Govt order No. PL 1150-1192 of 7.2.03. Dated 2

Submitted

P.M. 23/3. In the Order of 27th Feby 03, the Comptr was requested to arrange for due provision being made in the Budget for 1903-4.

A Copy of the Order was sent to the Chief Engineer also.

When the amount to be placed by the Comptr at the disposal of the P.W.D. they will make provision

provision for the works in their budget. This procedure is in accordance with the Order V-th. Feby 03 guided by the Comptr.

The amount has to be met from State funds & recouped by sale of sites as far as possible.

Submitted

23/3/03

I do not understand this. Why should not the P.W.D make the provision as suggested? What amount can the Comptroller place, when there is no budget provision? If you have nothing further to say, please put up a draft asking the P.W.D to include this item.

24/3/03

Submitted.

Following the procedure hitherto adopted in this case, the allotment has to be made by the Govt. in the Civil

Dept. as it is furnished from the P.W.D.
It is treated as a Civil Budget work — The transaction should be made in the year 1903-4.
Submitted to the Secretary
26/3/03

Sorry I cannot fully agree. Para 38 does not bear this construction. The work has to be carried out by the P.W.D., and they should accept this & make provision in their budget to meet it.

But whatever the Department, the source is the same. The additional amount may, if necessary for this year, be sanctioned in this (7l) Dept^t as a supplemental grant, and transferred to the P.W.D. No reappropriation is possible. But as an order has been issued that this should be taken up next year, there may be more convenient in-cluded in P.W. Budget. Dept accepts submitted for approval.

9537/03 3.4.03.

The Secretary

1/4/3 26/4/03

7

In reply to the above order the Chief Engineer states that the entire work having been practically completed, there can be no difficulty in meeting the outlay incurred during 1902-03 from the probable savings on the current P.W. Budget.

In ~~the letter also~~ another letter he reports that an expenditure of Rs 27,349 has already been expended up to end of January 1903. against the sanctioned estimate of Rs 28,560 and that the balance remaining to be done being very small may be ordered to be completed.

Submitted for the Secretary
16/5/03

To,

F.V. Nanjunda Iyengar Esquire, B.A., M.L.,

Secretary to the Government

General & Revenue Departments.

Sir,

With reference to Government Proceedings No. PL.177-8 dated 27th February 1903, directing that the works connected with the proposed dam at the Vanivilas Sagar be taken up next year, I have the honour to forward the enclosed copy of Vanivilas Division Executive Engineer's report No. [illegible] dated [illegible], from which it will be observed that a sum of Rs. 2,00,000 (Rupees Two Lakhs) as above has been incurred up to end of year 1902, against the sanctioned estimate Rs. 28,00,000/- for the work. As the balance will probably be comparatively small, I request it will be sanctioned to obviate the early orders of Government in connection with the work to that estimate, which can later on be closed as accounts. The work was started in 1897, and it is stated that the [illegible] required for the work will be made later on, as stated in the above Proceedings No. PL.8-11 of February 1902, and I would therefore request that the Rs. 2,00,000 and odd may be sanctioned at once and the estimate closed.

I have the honour to

Sir

Your most obedient servant,

W. H. Nutting

Chief Engineer of Mysore.

Enclosure No.

Superintending Engineer's No. 1198 dated 5th instant forwarding Copy of Govt. Proc. No. 1376-7 dated 27-2-03, requesting to report what outlay has been incurred and to note the amount spent by the Executive Engineer, since he took charge, giving authority under which he has incurred the expenditure.

"

With reference to the above, have the honor to report that the Chief Engineer in his No. 3965 dated 11-7-02, intimated to the Sanitary Superintending Engineer the Government Sanction to an estimate amounting to Rs 28,56, In para 2 of the same, it is ordered that the work provided for therein may however now go on meeting cost from savings as proposed. This will be intimated to the General Secretary. Work was accordingly started in the Sanitary

Superintending Engineers circle. These works were handed over for completion to this Division on 23-7-02 as ordered by the Chief Engineer in his No. 6039 dated 3-7-1902. From the above, it will be seen that the undersigned has carried out no new works, but has been only pushing on with the works already put in hand (and in progress) by the Sanitary Department. The outlay incurred on the work is Rs 27,349 out of which the progress during the current official year to end of January 1903, is Rs 7,242. Appropriations not having been granted for the work it was brought to notice and included in the statement of works requiring appropriations, Vide this office No. 699/D/ $\frac{25}{30}$-9-02 and 689/D/ $\frac{25}{30}$-9-02 reporting at the same time that the work would be allowed to be pushed, on pending receipt of sanction to the required appropriation. In reply to this the Superintending Engineer in his No. 5413 Dated 26-11-02 forwarded for information and attention a copy of Chief Engineer's No. 668/D/19-11-02, to the address of the General Secretary requesting to obtain Government sanction to the balance of estimate (Viz Rs 8453-) being allotted for expenditure during the current year and directing the Executive Engineer to apply to the Deputy Commissioner for funds for other works chargeable to District funds of the Kolar Gold Fields Sanitary Board. The Superintending Engineer has also ordered in the Progress reports book to "complete and close. Sharp" the work in his remarks on progress for laying out New Town at Kolar Gold Fields.

2. Further work on the estimate has been stopped as ordered in the above; early orders are solicited, on the above.
